教學內容 / 步驟	教具/備注
<p>1. Teacher can revise the spelling of <i>cat</i>, <i>mouse</i>, <i>elephant</i> and <i>gorilla</i> with students before doing the practice.</p>	
<p>2. The picture of a cat will be displayed once the 'start' button is pressed. Pepper will ask students to spell 'cat' and Pepper's eyes will turn blue, which means voice recognition function is triggered. Students should spell the word letter by letter slowly.</p>	

<p>3. When a correct letter is recognized, it will be displayed on the tablet. Student should keep trying until the correct letter is recognized. Teacher can also confirm letter correct by touching Pepper's head if Pepper is unable to recognize the correct letter.</p>		
<p>4. Pepper will praise the student when all the letters are spelt correctly. He will then perform a move to imitate the action of the animal.</p>		
<p>5. After the name of the first animal is correctly spelt, another animal will appear and students have to do the same. The other three animals are:</p>		
<p>6. The main menu will be displayed once the four animals are spelt. Students or teacher can press 'start' button to practice again.</p>
